Dallas, TX 75212

Goodwill
Industries of Dallas, Inc.

Goodwill Industries of Dallas is YOUR partner in success

Our state-of-the-art, production, warehouse and shipping facility is conveniently located in West Dallas just minutes from I-30, I-35 and downtown Dallas.

Our specialty is helping decrease YOUR bottom line.

Allow us to:

- Increase your production with no capital expense outlay.
- Boost your manufacturing capabilities without adding one square foot of space.
- Expand your labor pool without the cost of additional employees.
- Reduce your expensive worker's compensation benefits.

Our capabilities include:

- ISO 9000 certification, in progress.
- Climate controlled, secure facility with ample production space.
- Trailer-high docks with levelers.
- 110/220/440 3-phase.
- Pneumatic applications.
- 15,000 cubic feet of rack storage space.
- Heat tunnels, sealers and conveyors.
- Box makers and sealers.
- Drill press and die cast machinery.

Our experience includes:

Packaging and labeling, repackaging and reworking manufacturing mistakes, reclaiming valuable production parts, quality control to YOUR specifications, product testing, domestic and international shipping, storage of raw materials and finished products, assembly, bench services, collating, folding, gluing and pasting, industrial sewing, salvaging, sorting and a full production line.

Start improving YOUR bottom line today!
